Naomi Kelley

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I oppose this bill, in person voting has been shown to exclude people with disabilities, alternative work schedules and those with out steady transportation as well as a multitude of other limiting factors from being able to participate. Voting from home not only encourages everyone to participate but allows for a clearer head and more information to be available to make clear decisions for ones self with out being pressured by corrupt politicians to vote a certain way for fear of ones safety. Let us vote from home!
