I am the mom of two small children, and my husband travels internationally for work several times a month. One of my children is autistic and struggles with large, loud crowds. We moved from a state that had in-person voting and it was such a relief for me. Mail-in voting means I have time to review my ballot without the added stress and distraction of taking my kids to vote with me, which is really hard! Please keep our amazing voting system in Oregon as-is; it doesn't need to be changed and changing it to in-person voting will disenfranchise voters.
