

Submitter:

Marie Hilton

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill is a terrible idea. It is yet another Project 2025, antidemocratic legislation. It is yet another way to implement voter suppression that the Republicans are trying to do across the country. It will disenfranchise older people, disabled people, and people that work long hours. This bill must not pass!
