STOP OPPRESSING the people of Oregon! What in the hell is wrong with you people??? Do you remember who you work for?? You work for us! Do I sound upset? Well, this is upsetting and you know damn well that a significant majority of Oregonians depend on our successful vote by mail process.

Who's the traitor to Oregonians who thought this crap up in the face of overwhelming evidence that mail in voting WORKS!

This measure is nothing more than suppressing the vote. It also proves that the republicans in our Oregon senate, who vote for this bill, are cowards and as much a domestic terrorist and traitor as Donald J Trump. WE WONT STAND FOR IT ANYMORE! Anyone in Oregon elected official who endorse this should be immediately recalled.

And this nonsense on top of all of the preposterous number bills submitted for the year— our senate is a sad joke sucking up to 47. The ass who sponsored this bill should immediately resign or be recalled. Period. Make it so.

SB 20 VOTE NO!
