SB210

Voting by mail is safe, easy, and convenient. There is absolutely no evidence of fraud. Attempts to remove it are backed by racism and an attempt to disenfranchise voters. Voting by mail is particularly important for rural voters who may find it difficult to take time off work to drive to limited voting sites. The fact you would allow it for military personal demonstrates you know it is not inherently risky. Stop attempting to disenfranchise rural voters and start serving them.
