

Submitter:

Katherine Hirsch-Arndt

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

SB210 Relating to conduct of elections. This bill to end mail-in voting is a measure to suppress our ability to vote in a democracy. Evidence is available that mail-in voting we have used since 2000 has proven to be beneficial. Who benefits by drastically changing a process that is working so well? The reason for this bill is to make voting in Oregon difficult and costly. I stand opposed to SB210.
