

Submitter: Matthew Hall

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is been a safe, effective system that for years was supported by a bipartisan consensus, including principled Republicans like Vic Atiyeh, Phil Keisling and Bev Clarno. There is no meaningful reason to change it but for the whims of some elected officials who love to bloviate about "principles" and "liberty" yet seem perfectly willing to set aside these tenets when their tyrant and his tribunes demand slavish obedience. Disgraceful and despicable. Vile and pathetic.
