Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has been a leader in mail in voting. This measure would only allow those with privilege to vote restricting those that can't vote due to work, illness, transportation etc. The only way this could work would be to make it a state paid holiday, state provided transportation and a complete rewrite of the rules for those who can't access the voting booth. This is not a solution. Kill this bill.
