Please keep vote by mail. I can make informed, smart, unhurried decisions with my ballot and voters pamphlet by my side. I also have the time to seek opinions of others that I respect. When I receive the voters pamphlet I am not always sure of which of the items I am allowed to vote for until I receive my ballot. I am now retired but when I was employed I didn't have to schedule time to take off work to go stand in a line to vote. Vote by mail is a smart way to vote.
