Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon must revert back to in person voting. Our system of mail-in, with no identity is a proven failure, fraught with fraud and manipulation. It goes against everything that is the sacred privilege of voting. Thr last 4 year more than ever demonstrate how important this. Lets make voting day a 24hour in person opportunity, with strict rules for identification, and treat it like an civic duty and responsibility!
