

Submitter:

Lucy Ludwig

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting by mail works well. It is secure, provides for rural voters of whom Oregon has a large number, enhances voter participation, and saves money. Requiring in-person voting/absentee counted on Election Day will deter rural voters, decrease general voter participation, and cost more to manage polling places, voting machines, and poll workers. Vote no!
