SB210

Good day, I am a Benton County Oregon resident and I am opposed to SB210. Mail in voting has been proven over and over to increase voter participation and to be secure and accurate as well as accessible. Please vote no. I am a rural resident outside of Corvallis and am caregiver for my elderly father and it would inconvenience us greatly to have to get into town on voting day. I believe that any restrictions placed on the public for forms of voting are unhealthy for a functioning democracy. Thank you. -Berthe Palmrose
