

Submitter: Lucy Bledig

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I believe mail-in voting is incredibly valuable for all eligible voters to exercise their voting rights. I myself am able-bodied and motivated, however many of my neighbors are elderly and have difficulty with mobility. I am concerned that only having in person voting could deter people from voting, and there is no compelling evidence that mail-in voting is a source of meaningful voter fraud. We need to keep our voting secure, but this is not the place to focus that attention.
