

Submitter:

Andrea Mazzearella

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I shouldn't even have to be typing these words. This bill is another one of Trump's attempts at suppressing voter rights. There's never been issues with 'voter fraud' with our mail-in voting system. It should be the standard nationwide, and not be removed from states that have fought hard to create a safe, equitable, and effective voting systems like ours.
