

Submitter:

Leslie Benscoter

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Ok, Mrs. Benscoter is 94 and handicapped. If it were raining we would have to drive 15 miles to Mapleton to vote? Or - 30 Miles to Florence, Oregon?

I am 88 and together Mrs B and I served 65 years in one single district in Oregon.

That is just part of our service to our country. I am a Korean Veteran.

Mrs. Benscoter also served 14 years in other teaching and the Holy Names Academy. What is it about being honest citizens that Republicans do not get?

We were just talking about this very thing over breakfast which we just had. Our first notice of this SB 210 proposed by so called conservatives came just a few hours ago. What do you Republicans do with your spare time? You wouldn't by chance have time to read about the history of voting by mail -- just

the true and factual history would do for this week -- ok? See if you can do that for a change. Substitute this worthwhile activity in place of MaGa marching

to a wanna-be dictator and a failed conservative political party. We were once Republicans -- how utterly disappointing to have lived through the moral decay of a once proud and honest political party. We are going to try to enjoy our lives as much as possible and try to do a good thing for someone every day.

Our wish is that you learn from those of us who actually do know and understand what it is to be a patriot of the United States of America and an upstanding citizen of the State of Oregon. Make it so -- "If You Can?". Mr. and Mrs Benscoteer (Les and Ann).
