Measure, Appointment or Topic:	SB210

I support Oregon Senate Bill 210, because it strengthens election integrity by making in-person voting on Election Day the standard, while requiring valid government-issued identification. This approach modernizes our voting system, reduces opportunities for fraud, and ensures accessibility through limited mail-in options for military, disabled, and out-of-state voters. It's a practical step toward secure, transparent elections that Oregonians can trust.
