SB210

I oppose repealing vote by mail in Oregon. Vote by mail has been proven time and again to increase voting access to every Oregonian, has been proven to be very reliable and safe, and is a model for the rest of the country. It has proven harder to manipulate and defraud than in person voting, especially considering the vulnerability of voting machines and how they have been shown to be manipulable in previous elections. The cost to the taxpayer to vote by mail is lower than in person despite it also creating more paying positions than in person voting as well.

It would be a partisan disservice to Oregonians and Americans to eliminate vote by mail and this along with the above reasons are why I oppose this bill.
