

Submitter:

Mary Moll

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I remember voting in person. Oh no, I relied on the internet when voting. I'd hate to see it go back, especially if rank choice voting played into it....and to think of the lines we would see or not see should people deciding not to vote at all. My memory is not good enough to recall all the information I found online and bring it along to vote in person on every measure, every candidate.
