Hello, my name is Sharilyn Ame. I'm reaching out from the rural hinterlands of Corvallis/Philomath in Zip code 97333 to express my concern that by eliminating Vote-By-Mail it would make it difficult for many to vote thus creating a barrier to the voting process. In particular, not being able to "Vote-By-Mail" in out state's rural areas would force people to drive hours to a voting location. Many cannot take off from work in order to drive hours to a voting center. Repealing Vote-By-Mail would block many eligible Oregonians from exercising their legal right to vote. Our vote by mail system has been working wonderfully for decades- my entire voting life in fact! I am OPPOSED to SB210.
