

Submitter:

Jill Fischer

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

For decades OR vote by mail has been virtually seamless and has been a beacon to the country. If passed, this bill will create barriers to voting for many people: students, those caring for children and elders, people who work, people with mobility issues and other disabilities, elderly people, people who have transportation needs, and so on. Everyone has the right to participate in our democracy and to fight for its survival.

Thank you, Jill Fischer
