Measure, Appointment or Topic: SB210

I oppose SB 210 as a voting citizen. This bill would discourage voting from those who are citizens and are eligible due to its constraints. For those that work, we do not have election day off to vote making it difficult for many to get to the polls on election day. As someone who lived in a state that has only in-person voting on election day prior, I voted less frequently and on less measures. The data proves in Oregon this was also the case with voting increasing after the introduction of mailing ballots. A democracy only exists if the people have a say and this bill hampers that say. Thank you for your time.
