

Submitter: Judy Travis

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

We have had successful mail in voting in Oregon for decades. It is secure and there has been no significant fraud associated with mail in voting. Voting fraud is a republican/maga lie. We should be striving to make voting more accessible, not less. I am strongly opposed to requiring in person voting. OREGON should not go backwards with the trump administration.
