

Submitter:

Patricia DiPrima-LeConche

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not take voting by mail away from us. It is a disgraceful way of eliminating people who have many obligations, physical disabilities, and limited access and transportation from our country's most essential way of allowing all our citizens equal access and representation. This is supposed to be a country that protects the rights of all its citizens, that is providing liberty and justice for all.
