

March 31, 2025

Dear Oregon Legislature:

I am retiring at the end of the year. My husband is already retired. Please take into consideration all the many, many retired Oregonians that will have to find a way to get to the voting stations IF you eliminate the Vote by Mail.

Vote by Mail has been another standard that Oregon has set for the rest of the country to follow.

Many of our retired Oregonians are disabled or no longer drive and must rely on others for groceries, doctor appointments, etc. It is costly for these retired Oregonians to have to pay for others to provide their transportation.

Also, consider the fact that those that are unable to drive or get to the voting stations will just say "forget it, I'll just not vote." I don't think you want that either.

PLEASE, PLEASE do NOT eliminate the Vote by Mail.

Renita McNaughtan
