Hello again .

A good article on Oregon's vote by mail .

<https://theconversation.com/mail-in-voting-lessons-from-oregon-the-state-with-the-longest-history-of-voting-by-mail-145155>

The current republican administration is trying to suppress voters rights all over the US .

Vote by mail is great for people with disabilities ,

seniors , people working just to keep from becoming homeless. We have more problems in Oregon than to waste time going some place to stand in line to vote!
