Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This legislation is an obvious attack on the freedom of every Oregonian to participate in the political process. It should be opposed at every level. The people who push this legislation should be barred from holding office and publicly flogged. If republicans hate freedom so much then they should move to Idaho and take their barbaric behavior with them. David Smith is a savage and a idiot, he should feel extremely unwelcome in this beautiful state.
