

3/31/25

My name is Isabella Lefkowitz. I was born in Oregon and am a long-term resident of southern Oregon. Voting by mail is the safest way to cast a ballot for many voters, whether they are immunocompromised, have a ~~disability~~ ^{text}, or simply want to protect the health of their community. Voting by mail is critical to ensuring democracy is upheld. Voting by mail makes voting more accessible to particular demographics and does not significantly benefit one political party. Best practices exist for preventing fraud and improving reliability. I strongly oppose SB 210.

A handwritten signature in black ink, consisting of a stylized, overlapping loop followed by a long, horizontal stroke extending to the right.
