Measure, Appointment or Topic: HB5009

Dear Co-Chairs Frederick and Levy, and Members of the Committee:

Please fully fund the Private Forest Accord Grant Program at \$20M in the 2025-2027 state budget. This reflects the state's commitment of \$10M annually to this grant program under the PFA authorizing legislation from 2022 (SB 1501). This contribution is in addition to a \$2.5M annual contribution from the timber industry that increases to \$5M annually after federal approval of a Habitat Conservation Plan (HCP). This long-term investment is a core part of the negotiated agreements and to securing a federally approvable HCP by December 2027.

Oregon has made significant investments in bringing the Private Forest Accord this far. This precedent-setting agreement between conservation and timber interests improves protections for clean water and fish while providing more certainty for forest landowners. Without a solid commitment to fund core conservation programs, Oregon's path to a federally approved PFA HCP is uncertain. With your leadership and prioritization of this process, Oregon has its best chance to secure a federally approved HCP.

Thank you for the opportunity to provide public comments. Please fully fund the Private Forest Accord Grant Program at \$20M in the 2025-2027 state budget.

Sincerely,

Sandra Joos
