On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I firmly oppose transitioning to in person voting in Oregon. This creates barriers to our right to vote. Many Oregonians cannot afford to take time off work on voting day to attend in person voting. Additionally, this creates intense and sometimes impossible barriers for individuals with disabilities who rely on mail in voting. Mail in voting has been successful for Oregonians for over 20 years. We should be focused on expanding voter rights not limiting them.
