Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a longtime resident of Oregon, and a registered Republican, I highly recommend going back to in-person voting and showing voter ID.

Long ago, we used to do that, and no one had any problems voting that way. It was only when COVID hit, that mostly everyone did mail in voting. This was a huge mistake.

There has been much fraud occurring since mail in voting has been put in place, and I have no doubt that this is why Republicans have not been winning much in the state of Oregon.

If we go back to in person voting and everyone must show voter ID, fraud and abuse will dramatically be reduced, and our elections will be much more fair and honest.

Thank you for your time.
