

Submitter: Lindsey Borland

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I believe everyone should have to show ID to vote. I have gotten ballots in the mail for people who I didn't know. This could be happening all over the state. There are options for absentee ballots in extreme cases. The argument about people having to take off work is silly. Nobody works 24 hours a day for a solid week during early voting. And if they do, that is an extreme case and they can request an absentee ballot .
