

Submitter: Christopher Riendeau

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail is convenient, equitable, and logistically better for everyone. Having lived in places with only day-of, in-person voting, the disruption it causes to your day, the difficulty it presents for busy people (parents, caregivers, folks working multiple or tenuous jobs) is unnecessary. This is a solved problem. Keep vote-by-mail. Oregon is the example other states should emulate.
