Measure, Appointment or Topic:

SB210

As an individual who was born and raised in Oregon, and as a citizen of the United States, I oppose this measure and ANY attempt to suppress voter rights. Oregon's Mail-In voting is highly secure and provides equal access to the right to vote to all citizens on both sides of the political spectrum. This Bill is a weak and flagrant attempt to suppress one of the most basic and foundational freedoms and rights of the people of Oregon. Anyone who is in support of this Bill acts as an oppressive force to the people of our state, and no longer acts as a representative of their people.
