SB210

I oppose this bill because not only is it proposed in bad faith, it's proposed based on zero data.

All data in fact, says the opposite, that Oregon's mail in voting is very secure and has had almost zero fraud since its inception. And even the fraud that has happened has been caused by honest mistakes and not malicious intent.

This bill is a joke, an obvious attempt at voter suppression and typical of today's MAGA party who don't actually care about their constituents. I believe that the majority of Republicans favor mail in voting.
