

Submitter: Ethan Young

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose this measure. Oregon has a well run and secure vote by mail system. Oregon leads the nation with this system. While masked by other stated reasons, attempts to remove this system aim to disenfranchise voters by increasing the barriers to voting. If there was positive intent, why not propose voting in person over a two week period? Voting on a single day clearly limits opportunity to vote for those who cannot take time off from work and are not given time to vote by their employer. This would be a step backwards. Oppose this measure.
