Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose SB 210. Vote by Mail is the best way for ALL voters to have the opportunity to vote. In person voting is designed to restrict those members of our community who are unable to travel to polling places due to various reasons including restrictive work schedules, income barriers and in some cases physical limitations. It acts as a barrier to a fair voting process. Please OPPOSE this measure!!!
