Measure, Appointment or Topic:

SB210

I voted for mail-in-voting, it was my first time voting and I was happy when it passed. I like mail-in-voting because: I don't have to go out in bad weather to vote and I can take my time in the comfort of my home deciding on how to vote on measures and who to vote for. I voted for mail-In-voting, it's been working, and that should count for something.
