

Submitter: Haley Lehman

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

In person voting is the worst. I love mail in voting in Oregon. I lived in another state for a bit that had in person voting, and it was terribly inconvenient. I waited in line for hours, literally. Don't take us backwards. In addition to being a waste of time, it makes it very difficult for people without transportation to vote.
