

Submitter:	Michael Cary
On Behalf Of:	my kids and grandkids
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

the only fair way to hold an election is in person with a valid ID... mail in voting is rife with fraud and this is how the left makes sure they hold power forever. You will notice they never have road signs or yard signs because they already know they will win... they have cooked the voter rolls automatically registering people when they get their drivers licenses... if they are short they just automatically vote for all those who didn't!
