

Submitter: Cheryl Coupe

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Repealing Oregon's extraordinarily successful vote-by-mail would be nothing more than a capitulation to an authoritarian president, who, let's be clear, does not have anything close to a mandate of the American people. Vote by mail has proven to be safe, secure, efficient, and effective and gives opportunity to all legal voters to have their voice heard. I urge you not to allow this bill to proceed, which would remove rights and efficient government processes for no reason.
