Measure, Appointment or Topic: SB210

Oppose.

So many reason to oppose ending voting by mail. Glad I no longer had to worry about any number of reasons I might not make it on Election Day. Work, sick, having to take of someone who is sick, end up without transportation for any number of reasons, the potentialvery long lines, sometimes very long ballot, etc.

I came to appreciate our vote by mail system more and more over the years compared to how we used to do it.
