

OPPOSITION TO SB-210

I stand in opposition to this proposed bill, we the people of Oregon have previously chosen mail in voting as our preferred choice. It works, its secure, and convenient, and we would like to retain it.

For me personally, I live in a rural area, am a senior, and while I would continue to vote if this passes, it would make it more difficult for me to vote in person, as I would then need to travel to the polling place. I'm retired, but there are many voters who work, or have families to care for, and this would make it more difficult for them to vote. I believe the only reason for this proposed change, is to make it more difficult for some to vote. And I suspect the proponents of this measure think this will give them some sort of political advantage.
