

Submitter:

Jennifer Scypinski

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has been successfully using vote-by-mail for more than 25 years and it has proven to be not only a cost-saving measure, but a way to ensure access and equity to all voters in Oregon. Oregon voters who are elderly, do not have access to transportation, are not able to leave their homes, those who travel, and more have equal access to voting through this proven system. I urge you to vote no on this measure that would be harmful to so many Oregon voters.
