

Submitter: Cheryl Johns

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon is the best example of fair and accurate voting roles- the ballot has your address and all information and knows who you are - if there's is fraud the government knows exactly where to go to find you or not.

Problems solved if the entire country voted by mail.

I definitely oppose changing the Oregon's policy

Of "vote by mail!"

Thank you,

Cheryl
