| Committee:                     | Senate Committee On Rules     |
| Measure, Appointment or Topic: | SB210                         |

I've been an Oregon resident since 2013. Since moving here and registering I always found it so convenient to vote by mail. I looked forward to taking part in elections. As a parent and a full time employee I know finding time to visit a polling booth would be immensely difficult. This bill seems like voter suppression. I see no problem with vote by mail and would prefer to do so that way.
