

Submitter:

Luis Lopez

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have used mail in voting for all of my adult life as has been afforded to me by law. Not once has it been anything but a blessing to vote by mail. I can drop my ballot into one of a hundred drop boxes around me, and I have no worry of lines or weather to prevent me from voting like I would in person. Removal of mail-in voting would disproportionately impact those who are elderly or with disabilities as you cant move as much or wait in line like you used to. Dont repeal this.
