Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Mail-in ballots are a sacred institution in the State of Oregon. They are the reason our voter participation remains high, which is what we all want for a strong democracy, right? RIGHT? This is an effort to disenfranchise many from voting--those with jobs, those needing child care, those with disabilities, those with poor access to transportation--those who are already marginalized in this society. Yes, I see you, Republicans. I understand that you WANT to disenfranchise just exactly those people. Knock it off.
