

Submitter: Cameron Cumberland  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB210

I strongly oppose the proposed bill to require in-person voting. Vote-by-mail is secure, convenient, and fair. It allows busy, hard-working Oregonians the ability to cast their rightful votes in an election at times that work for them. Third-shift hospital workers, power line operators, truck drivers, and working parents all benefit immeasurably from the ability to participate asynchronously in our democracy. Stripping this right from Oregonians would be a grave mistake, and can only be seriously proposed out of either malice or sheer stupidity.

Keep Oregon's elections open to ALL Oregonians.

Thank you.
