SB210

I would like to voice my opposition to the proposed bill to repeal our vote-by-mail voting system for registered Oregon voters. As an Oregon resident and voter, I feel this would be a disservice to many voters who have physical mobility issues, who have complex work schedules, or who live in remote areas with limited access to transportation. I truly believe that the high voter ratio percentage for Oregon is directly linked to the voters availability to vote-by-mail and that changing our current system will make voting more difficult for many to achieve. I strongly urge that this repeal not be considered a viable option for Oregon voters. Thank you for your consideration.
