

Submitter:

Julie Williams

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To Representative Smith from Eastern Oregon and the committee,
I take such pride in being an Oregonian. When traveling, people recognize Oregon as progressive and fair, and I agree with them. Requiring in-person voting will remove vast numbers of participants in the electoral process in our state. Reducing voter participation is a step backward in good governance for Oregonians.

Please vote no on this Bill.

Thank you,

Julie Williams
